

***Pagurodofleinia*, a replacement generic name for *Dofleinia*
McLaughlin & Asakura, 2004 (Crustacea: Decapoda),
preoccupied by *Dofleinia* Wassilieff, 1908 (Cnidaria: Anthozoa)**

It has been called to my attention that the generic name *Dofleinia*, established by McLaughlin and Asakura (2004) for *Parapagurodes doederleini* (Doflein, 1902), is a junior subjective homonym of *Dofleinia* Wassilieff, 1908 (Cnidaria: Anthozoa: Actiniidae). In accordance with Article 60 of the International Code of Zoological Nomenclature (International Commission on Zoological Nomenclature, 1999), I now propose *Pagurodofleinia* as a replacement name. The type species, *Catapagurus doederleini* Doflein, 1902, the gender (feminine), and the etymology (named for F. Doflein who first described the type species) remain as given by McLaughlin & Asakura (2004), as does the generic diagnosis.

AKIRA ASAKURA
